Study in Ireland! Learn more at ie3global.org

Students choose between two of Ireland's top universities, which offer a wide variety of courses. Ireland is a great option for students studying the sciences or liberal arts, with courses covering anything from mythology to zoology and law to food science. Study in Ireland for a summer (Cork), semester, or academic year.

Powered by Oregon State University

University College Cork, on Ireland's southwestern coast, allows students a unique opportunity to immerse themselves in Irish history, lore, language, and music through Early Start or Summer options.

University of Limerick is an Irish hub for culture and sports, where exchange students have the opportunity to learn and play rugby, a favored national pastime, with no prior experience required.

Duration: Summer, semester, or academic year

To participate:

- Sophomore standing or above
- 2.9 GPA (UL), 3.0 GPA (UCC) or higher
